Join Pieces of a Dream, Inc.'s Membership Program!

Pieces of a Dream, Inc. is kicking off its inaugural Membership Program designed exclusively for dance professionals and serious dance students.

Pieces of a Dream, Inc. is Delaware's premiere professional modern dance company. We produce an annual concert in March and host a variety of dance workshops throughout the year. In addition, we also conduct a series of "life-training" classes, our Holistic Wellness workshops. These classes provide information to professional dance teachers on topics including shopping for insurance, tax preparation, and retirement planning. We also have Holistic Wellness workshops geared toward serious dance students in middle and high school: career options in dance, college savings, and audition and resume workshops.
